Serial No. 09/904,441

Art Unit 1771

- 1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
- 2. Claims 18, 2, 20, 8, 21, 10, 14 and 16 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP -475 Abstract, substantially for the reasons set forth in paragraph No. 6 of Paper No. 5, together with the following additional observations. The newly submitted independent claims are essentially identical in substance to those which previously existed. Applicant remarks (Response, page 4) that none of the cited references either alone or in combination describe a face paper where printing is done on the finished outer surface as claimed. Examiner must note, however that printing is not positively claimed and that applicant's claims do not require the presence of printed matter on the outer surface, but only the ability to be so printed, which the reference is believed to both teach in its references to having suitable copying ability, as well as being an inherent property of the JP -475 Abstract disclosure.
- 3. Claims 3-5, 19, 11-13, 15 and 17 are rejected under 35 U.S.C. § 103(a) as being unpatentable over JP Abstract -475, substantially for the reasons set forth in paragraph No. 7 of Paper No. 5. The Examiner has little to add to his earlier remarks set forth regarding the ability to be printed on the

Serial No. 09/904,441

Art Unit 1771

paper surface, as well as the remarks set forth in the previous paragraph of this Office action.

- 4. Claims 2-5, 8, and 10-21 are rejected under 35 U.S.C. § 103(a) as being unpatentable over Labar, substantially for the reasons set forth in paragraph No. 8 of Paper No. 5, together with the following additional observations. The Examiner again can only add that the recitation in all four independent claims of "providing the finished outer surface for printing" does not require the presence of printed matter on the outer surface. What other differences that may exist are each believed to be, if not expressly or inherently disclosed, obvious modifications to one of ordinary skill, in the absence of unexpected results.
- 5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. § 1.136(a). The practice of automatically extending the shortened statutory period an additional month upon the filing of a timely first response to a final rejection has been discontinued by the Office. See 1021 TMOG 35.

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE

ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY EXTENSION FEE PURSUANT TO 37 C.F.R. § 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE STATUTORY PERIOD FOR RESPONSE EXPIRE LATER THAN SIX MONTHS FROM THE DATE OF THIS FINAL ACTION.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is (703) 308-0031. The examiner can normally be reached on Monday-Thursday from 8:30 A.M. to 6:00 P.M. The examiner can also be reached on alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Terrel Morris, can be reached on (703) 308-2414. The fax phone number for this Group is (703) 872-9310.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (703) 308-0661.
